Philosophie Studio

Illustration • Surface Pattern • Art Licensing

Hello, I'm Sophie!

I'm the illustrator and surface pattern designer behind Philosophie Studio, based in Leeds, UK.

I create colourful, playful artwork inspired by travel, food and the little joys of everyday life. With a love of bold colour, hand-drawn details and a slightly imperfect finish, I create artwork designed to bring a little personality and joy to everyday products.

My work spans art licensing, surface pattern, wall art and bespoke illustration, with designs suited to homeware, stationery, gift, greetings and lifestyle products.

With a background in commercial print and product design, my artwork has been licensed for products sold by retailers including HomeSense, TJ Maxx, HomeGoods and Ross.
